Hi Eric,

No rush on the plan, just wanted to see if you had decided on collecting sed samples or not for planning purposes. Thanks!

Hilary

Hi Hilary:

I've got a dive I'm prepping for, but will turn to the sediment sampling plan later this week. Thanks for your patience.

Best,  
Eric

Hi Eric,

Just wanted to ping you on the grain size analysis (by weight only). Please let myself and Dave know if you plan to go ahead with this along with the number of samples. Thanks, hope all is going well!

Hilary
